

### 3th. Call for Papers

**WER'12** is the fifteenth edition of the Workshop on Requirements Engineering. The Workshop began as a community meeting engineering requirements Iberoamericana, and now attracts researchers from all continents. The WER'12 be held in Buenos Aires, Argentina at the Universidad Nacional de La Matanza. This workshop will be held in parallel with **CibSE'12** and **ESELAW'12** (<http://ingenieria.unlam.edu.ar/wer2012/>)

### WORKSHOP TOPICS

**WER'12** invites the submission of research papers that describe new experiences or work in the field of Requirements Engineering. Topics of interest include, but are not exclusive:

- Requirements elicitation, modeling, and documentation
- Requirements analysis: verification, validation, and visualization
- Requirements specification languages, methods, processes, and tools
- Requirements management, traceability, and allocation
- Requirements prioritization, and negotiation
- Goal Oriented Requirements Engineering – GORE
- Requirements evolution, and testing
- Requirements reuse and domain engineering
- Viewpoints in requirements
- Non-functional requirements
- Requirements engineering and software architecture
- Aspect-oriented requirements engineering
- Requirements for COTS-based systems
- Requirements for Web-based systems and mobile websites
- Requirements engineering for self adaptive systems
- Requirements for the agent-oriented paradigm
- Requirements for product lines
- Requirements engineering case studies and experiences
- Social, cultural, and cognitive factors in requirements engineering
- Aligning requirements to business goals and processes
- Requirements engineering education and training

### SUBMISSIONS AND PUBLICATION

We invite contributions in the form of papers and tutorial related to WER's workshop. Papers may be in English, Portuguese or Spanish but English is preferred. During the event, participants must present their work in English. Long papers should not exceed 14 pages in **Springer-Verlag's LNCS format**

(<http://www.springer.de/comp/lncs/authors.html>). Submissions should be sent via the EasyChair submission system.

Items will be evaluated according to their relevance, originality, technical quality and their relevance to conference topics. Papers will be published by the organization in a book with ISBN number. Additionally, papers will be indexed by DBLP and made available in WER series repository (<http://wer.inf.puc-rio.br/WERpapers/>).

Submissions should be sent via the EasyChair submission system (<http://www.easychair.org/conferences/?conf=wer12>). They will be reviewed according to their relevance, originality, technical quality, and adequacy to the conference topics.
